

## » WHY BRENTWOOD?

The possibilities are endless with Brentwood Natural Stone. Brentwood offers a perfect harmony of performance and beauty in both indoor and outdoor applications. Semco Stone's Brentwood can meet the needs of your lifestyle and the demands of your inspiration. This stone can be custom cut to your specifications.

» BUILD THE KITCHEN OF YOUR DREAMS WITH BRENTWOOD

» BRENTWOOD TRANSFORMS ANY OUTDOOR SPACE INTO WOW-WORTHY

“ We love the durability, low-maintenance and true beauty of our Brentwood counter tops. There was so much value in this purchase because we knew that Brentwood would last us for many years to come. ”

~ Jesse & Laura Richardet

» IF YOU CAN DREAM IT. BRENTWOOD CAN DO IT.

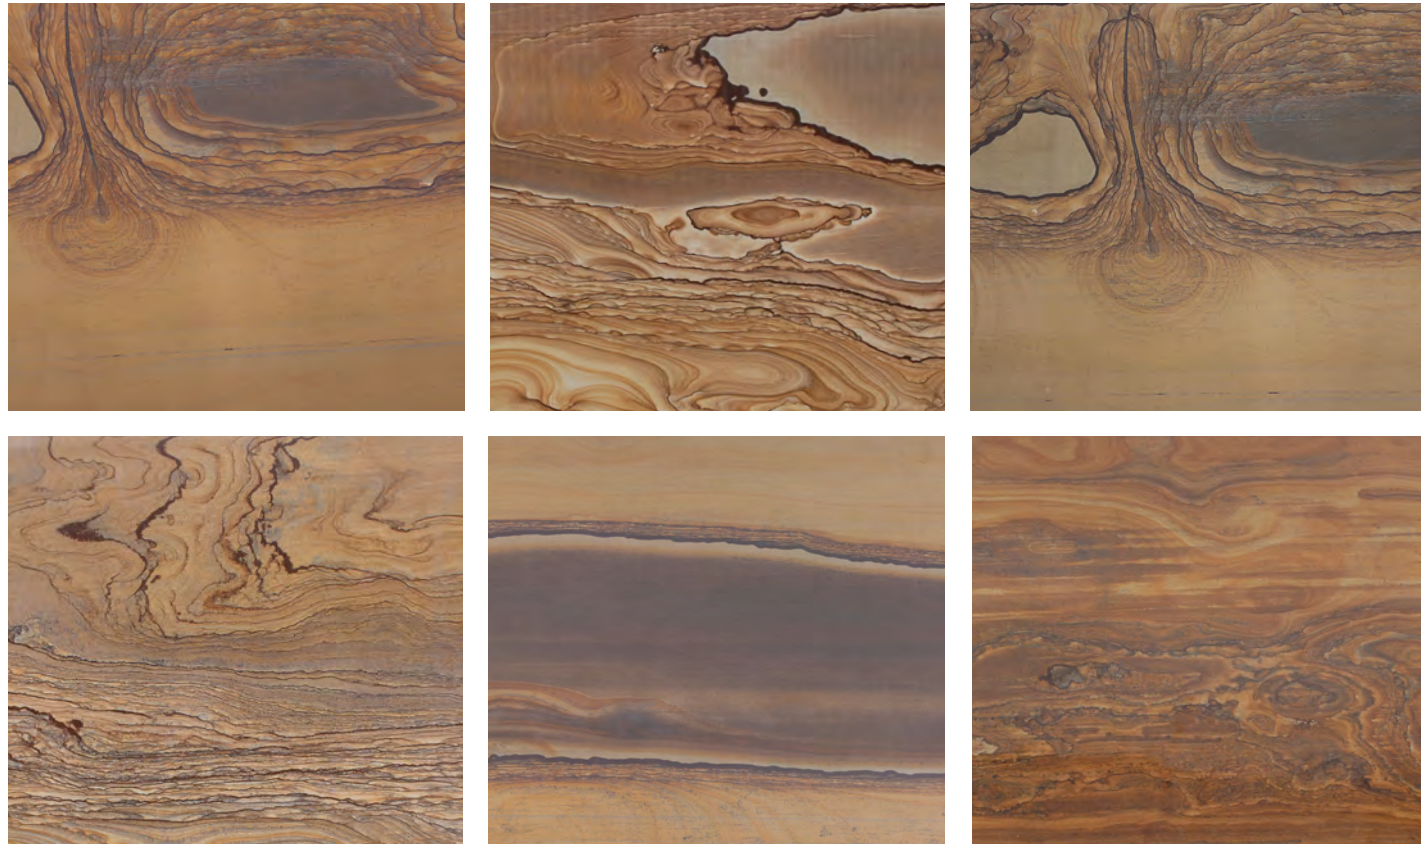

» DESIGN A BEAUTIFUL BATH RETREAT

★ The Semco Promise ★

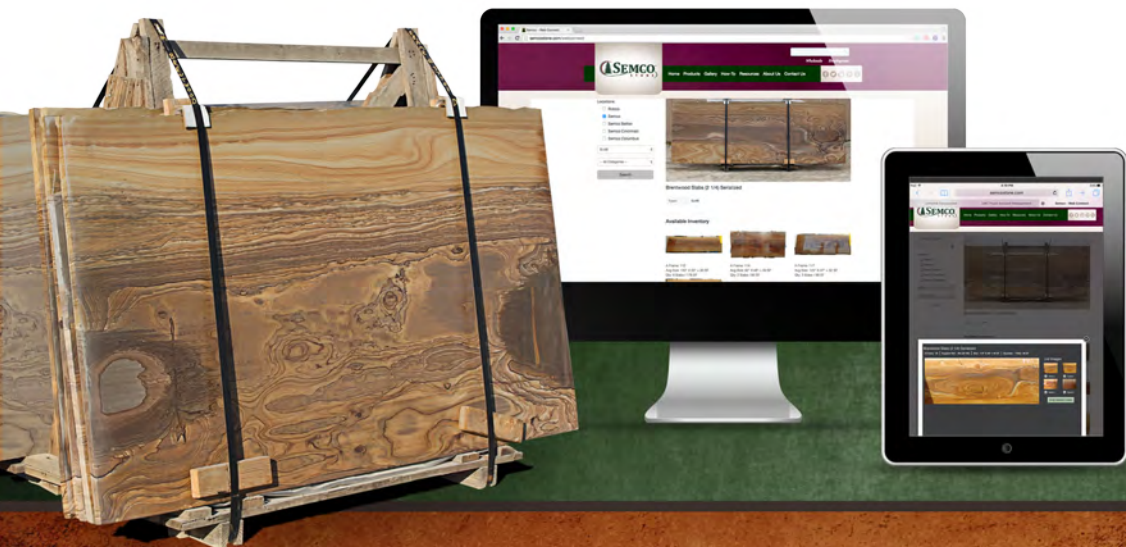

At Semco Stone we pride ourselves in providing beautiful, natural and high-quality products. The beauty of our products is they are made from natural stone and are unique, therefore variations should and can be expected. Even though colors in this brochure are as close to the actual stone as possible, photographic and printing techniques – and even actual viewing conditions – can alter perception of color.

Selections should be made from actual samples whenever possible. The samples above represent the general characteristics of Brentwood. Natural variations can and will occur in size, color, and texture. Communication is key with your sales representative so that Semco Stone can do our best to provide exactly what you need to complete your dream project.

### »» LIVE SLAB INVENTORY IS NOW ON-LINE!

Each of our Brentwood slabs are unique, so we make it convenient for you to browse our selection of Brentwood slabs on-line. Please visit [www.semcostone.com](http://www.semcostone.com) and under "Products" choose Brentwood Stone. Check the location you are looking for slabs and there will be two choices of 1.25" and 2" thickness. Please contact your Semco Sales Representative with any additional questions regarding Live Slab Inventory.

### »» BRENTWOOD ASTM TEST DATA
